OK; I'll contact David about setting up something on Tuesday.

Anne as just mentioned, the RPs cannot direct how we provide community involvement, however we can listen to their concerns. Gary, what do you think about this?. If we agree to do this, you would probably need to be on the call. Probably sometime Mon, Tuesday would be better.

Thanks.

Subject: San Jacinto - Request for Phone Conference Tomorrow or Monday

Hi Gary and Donn, I just spoke with John Cermak, counsel for IP. The PRPs would like to discuss community relations for the site either tomorrow or Monday with both of you. Gary, could you contact David Keith or Phil Slowiak (my apologies if I have misspelled) to see if a call can be set up with you and Donn (assuming you both are available)?

I will be out tomorrow, but in on Monday. I understood it would be a technical meeting, so I would not plan on participating.

Thanks.
